

## Daily Development Tasks - 06 October 2025

- 1 Update the Institute module columns according to the latest Google Sheet data.
- 2 Enable manual addition of Institutes via the 'Update' form interface.
- 3 Fix and validate the 'Export Report' button functionality for data export.
- 4 In the Admin Dashboard, configure manual addition forms for Students, Faculty, and Institutes — ensuring dynamic data selection from Admin Settings.
- 5 For Student profiles, implement modules for Publications, Technologies, Education, Experience, Skills, Awards, and Projects — with dynamic field data populated from Admin Settings.
- 6 Remove the Facebook login button from the user authentication page.
