As a Developer, I Need Dropdown-Selectable Data From These Database Columns to Display in Forms.

✅ `users`

- `user_type` → *(PI, Student, Industry, Vendor, Admin...)*

- `account_status` → *(Active, Suspended, etc.)*

- `verification_status` → *(Verified, Unverified, Pending...)*

✅ `profiles`

- `profile_type` → *(PI, Student, Vendor, Industry)*

- `visibility_settings` → *(Public, Private, Only Logged In Users, etc.)*

✅ `pi_profiles`

- `gender`

- `current_designation` → *(Professor, Assistant Professor, Scientist, etc.)*

- `department`

- `affiliation`

- `research_profiles` → *(Multiselect: IEEE, Scopus, ORCID, etc.)*

✅ student_profiles

- `gender`

- `current_status` → *(Pursuing Masters, PhD, Job Seeker, etc.)*

- `affiliation` → *(College/Institute list)*

✅ industry_profiles

- `sector` → *(Pharma, AI, Biotech, etc.)*

- `team_size` → *(Dropdown or Range options: 1-10, 10-50, etc.)*

- `annual_turnover` → *(Predefined range options)*

✅ vendor_profiles

- `dealing_categories` → *(Multiselect: Lab Equipment, Chemicals, etc.)*

- `product_categories`

- `region`

- `regional_contacts` *(Could be dynamic multi-contact list)*

✅ research_facilities

- `equipment_type` → *(Microscope, Spectrometer, etc.)*

- `warranty_status` → *(Active, Expired, N/A)*

- `working_status` → *(Operational, Under Maintenance, Out of Order)*

✅ `projects`

- `status` → *(Ongoing, Completed, Proposal Submitted, etc.)*

- `funding_agency` → *(List of recognized funders: DST, DBT, etc.)*

✅ `team_members`

- `position` → *(Research Assistant, Intern, Postdoc, etc.)*

- `status` → *(Active, Completed, Dropped)*

✅ `opportunities`

- `type` → *(Internship, Fellowship, Research Assistant, etc.)*

- `domain` → *(AI, Biotech, Chemistry, etc.)*

- `eligibility` → *(UG, PG, PhD, etc.)*

- `status` → *(Open, Closed, Upcoming)*

- `location` → *(List of Cities/States)*

- `duration` → *(1 month, 6 months, 1 year, etc.)*

- `compensation` → *(Stipend ranges)*

✅ applications

- status → *(Applied, Reviewed, Accepted, Rejected)*

✅ messages

- read_status → *(Read, Unread)*

✅ notifications

- type → *(Info, Alert, Warning, etc.)*

- read_status

✅ csr_funds

- fund_category → *(Grant, Sponsorship, Infrastructure Support, etc.)*

- interest_areas → *(Education, Health, Environment, etc.)*

- availability → *(Open, Closed)*

✅ institutes

- name *(For dropdowns in affiliations, locations, etc.)*

- city, state

- ownership → *(Public, Private, Govt-aided, etc.)*

- `institute_types` *(School, College, Research Center, etc.)*

✅ departments

- `name` *(Dropdown for PI profile and institute mapping)*

✅ education

- `degree_name` → *(BSc, MSc, PhD, etc.)*

- `university`

- `college`

- `currently_pursuing` → *(Yes/No)*

✅ experience

- `position`

- `pi`

- `university_or_industry`

- `currently_working` → *(Yes/No)*

✅ publications

- `journal_or_conference` *(Optional dropdown for standard names)*

- year → *(Dropdown or date selector)*

✅ technologies

- trl → *(TRL 1 to TRL 9)*

- ip_status → *(Filed, Granted, Not Filed)*

- licensing_intent → *(Open to Licensing, Exclusive Only, etc.)*

✅ skills

- skill_type → *(Technical, Soft, Programming, etc.)*

- proficiency_level → *(Beginner, Intermediate, Expert)*

✅ awards

- issuing_organization → *(Optional dropdown if standard list exists)*

✅ challenge_board

- research_area → *(Biotech, Healthcare, Environment, etc.)*

- city / country
